

Ipswitch® MOVEit® for Defense

Moving files in the Defense industry is business-critical as these files usually contain extremely sensitive data.

MOVEit for Defense is a highly secure Managed File Transfer service that allows defense companies and defense component manufacturers & suppliers to exchange information such as design specifications, invoices and inventory reports and transfer very large data files such as videos & images quickly and securely across multiple manufacturing sites. This reduces the risk of loss or theft of valuable business data.

Moreover, MOVEit simplifies the compliance and reporting requirements for regulations and standards such as GDPR, PCI, ISO 27001 or ITAR.

Why Defense Organizations Use MOVEit®

For sending data files that contain sensitive commercial or personal information such as:

- › Contracts and legal information
- › Purchase orders
- › Design specifications
- › Billing and payment data
- › Regulatory compliance reports
- › Personnel data
- › Inventory reports

Leads the Industry in Security

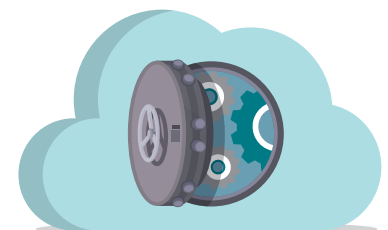

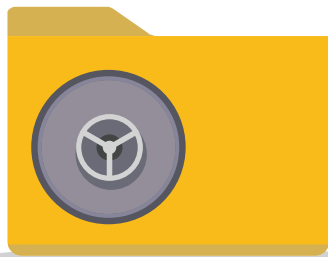

- › Encryption of data at rest and in transit
- › FIPS 140-2 and AES-256 validated cryptography
- › Allows defense organizations to focus on sending business-critical data

Supports Compliance and Reporting

- › Enables your GDPR readiness
- › Simplifies PCI, ISO 27001, ITAR compliance reporting
- › Reduces the effort & time spent preparing for compliance audits

Can be Deployed in High Availability Mode

- › System-wide high availability with Active-Active failover
- › Cloud version guarantees 99.9% uptime
- › Provides business continuity & disaster recovery assurances

The Benefits of MOVEit for Defense Organizations
